## I N T E R N A T I O N A L

### **Traffic Engineering Manager Irvine, CA**

RBF Consulting, a Company of Michael Baker International, seeks a **Traffic Engineering Manager (Project Manager III)** to join our Traffic Engineering group in our **Irvine, CA** office. This leadership opportunity will accommodate continuing growth in Southern California and support the advancement of our ITS initiatives.

The Traffic Engineering Manager will be responsible for managing and leading the Traffic Engineering staff in the Irvine, CA office and collaborating with traffic staff in other California offices. In this position, the successful candidate will also be responsible for providing leadership in proposal preparation, interviews, technical direction and mentoring of staff.

The ideal candidate will have relevant experience in the planning, studies, analysis, design, and implementation of traffic related facilities for local government agencies, State DOTs, and private developers. In addition, the candidate should demonstrate strong experience in the area of planning, architecture, analysis, design and implementation of ITS solutions.

#### **Requirements:**

- B.S. in Civil Engineering or related field
- P.E. and T.E. license in the State of California
- PTOE certification a plus
- Minimum of 15 years of experience specific to traffic engineering and ITS
- Demonstrated supervisory and mentoring skills
- Experience in traffic engineering management and operations
- Strong presentation skills and proposal writing experience
- Strategic marketing skills to expand traffic engineering workload and revenue
- Knowledgeable on national traffic engineering initiatives
- Excellent problem-solving and communication skills
- Capability to work in a dynamic environment and conduct multi-tasking efforts is essential
